Thanks Jennifer. We'll plan to run any of the following search phrases "bridgeton landfill", "operable unit 2", "OU2", "former active sanitary landfill", or "south quarry" for the date range 1/1/2005 – 12/1/2010. We'll prioritize the responsive releasable air and SDMS first within the first two weeks, and then produce the rest of the response within the following two weeks. This puts the deadline at Monday August 17<sup>th</sup>. If any of this changes I will let you know as soon as possible, but in the meantime if you have any questions please don't hesitate to contact me.

Regards, Alyse

Hi Jennifer –

Just a quick follow up to our conversation on 7/15/15, I did confirm with our program that the initial search done on Dan Wall's email account did not include phrases in quotations. Just let us know if you'd like us to proceed with the collection and the initial \$1500 cost estimate. I did learn after our conversation that it may take more time than I anticipated to process the responsive records in SDMS but I will continue to follow up on that piece. I'm out of the office until Wednesday of this week but if you have questions feel free to shoot me an email.

Thanks, Alyse

Good morning Jennifer –

In follow up to our phone call yesterday, attached is an index of our West Lake Landfill Superfund electronic files for the 1/1/05 – 12/1/2010 date range. As we mentioned, these include files for both OU1 and OU2. In addition, here are the other items we discussed:

- I've contacted our OSWER office in Washington D.C. to initially see if they have any responsive records.
- For our Region 7 office we will initially identify custodians in our Superfund program and ask them to identify the amount of hard copy and electronic responsive records they may have before we initiate any collection activities. We will also inquire whether our other media programs may have responsive records.
- Initial search terms will be "Bridgeton AND Landfill" and/or "South AND Quarry".

I'll plan to call you at 3:00 central time on Monday June 29<sup>th</sup> to check in on the status of the above and next steps. In the meantime if you have any questions please don't hesitate to contact me.

Regards,

Alyse
